

1. I love K-LOVE radio and listen to it daily. It spiritually lifts me and refreshes me. I can't imagine life without it.
2. If K-LOVE were displaced by another broadcaster, I'd be extremely upset. I hate listening to crass, everyday broadcasts and vulgar broadcasters. K-LOVE reaches out to everyone who listens.
3. Even if you set aside the religious aspects of K-LOVE, the station still performs a public service by sending a message of hope, concern and love for their fellow man. That message is needed in today's world. We need K-LOVE and the new proposed legislation could "prioritize" K-LOVE off of the air. Please keep K-Love!!!!
